

OTTO Compressed air gun P 400 KB-2 SPECIAL

The compressed air gun for 400 ml aluminium foil bags and cartridges

P 400 KB-2

Characteristics

- ▶ Compressed air gun with optimum centre of gravity
- ▶ Aluminium tube with fast-release fastener for up to 400 ml aluminium foil bag and for 290/300/310 ml cartridges
- ▶ Continuously adjustable pressure regulation valve with plug nipple (EU)
- ▶ Maximum working pressure: 5 bar

Technical properties

Max. working pressure [bar]	5
Pressure setting	continuously
Cartridge size [ml]	290/300/310
Aluminium foil bag size [ml]	400
Length [mm]	~307
Weight [g]	~1065

Important information

Please observe the accompanying operations in which the OTTO compressed air gun P 400 KB-2 is designated as model "CSG II 245".

The pneumatic hand gun has a 1/4-inch connection with EU plug connection (fast-action coupling) for connection in line with the respective requirements. The hose must be a coil lead suitable for mobile processing purposes, with a burst load which corresponds to twice the maximum system pressure.

Application information

Compatible with OTTO foil bags standard, long and no. 163

For a more secure seat of the OTTO nozzle for foil bags, the union nut with 38 mm diameter is available as an accessory
